The designs I used on my jeans came from Secretsof.com, the designer is Outback Embroidery and the designs came from the White Lace collection. I purchased collections 1 and 2. If you buy these designs I will have a CD for your purchase (\$1.00) on which I have combined designs to achieve a mega hoop size. Feel free to combine your own designs and avoid the \$1.00 fee.

I look forward to seeing you all in class.
